About me...

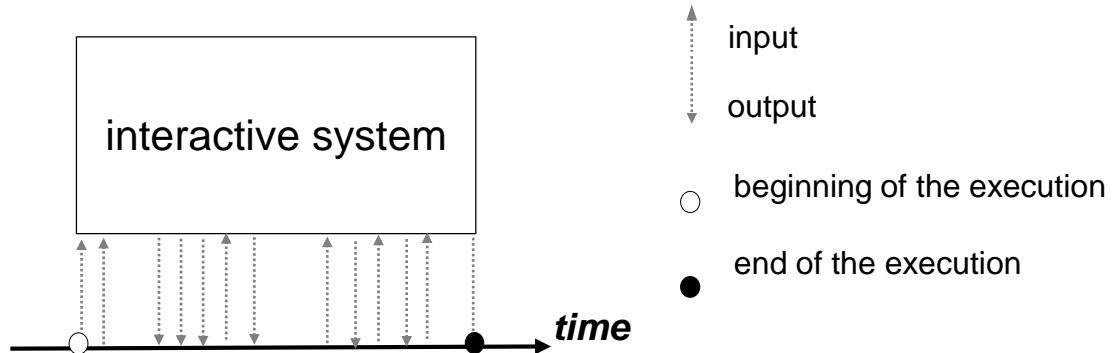

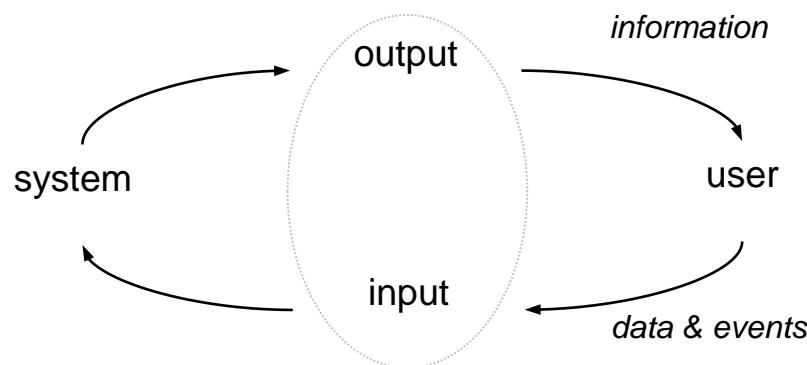

- Born in Nonoai, RS, Brazil
- Research domain:
 - Human-Computer Interaction (HCI)
 - Interaction Home-Machine (IHM)
 - Interactive Systems Engineering
 - Web Engineering
- Before...
 - From 2009-2017 responsible internship program of Master 2 IHM (Université Paul Sabatier/ENAC)

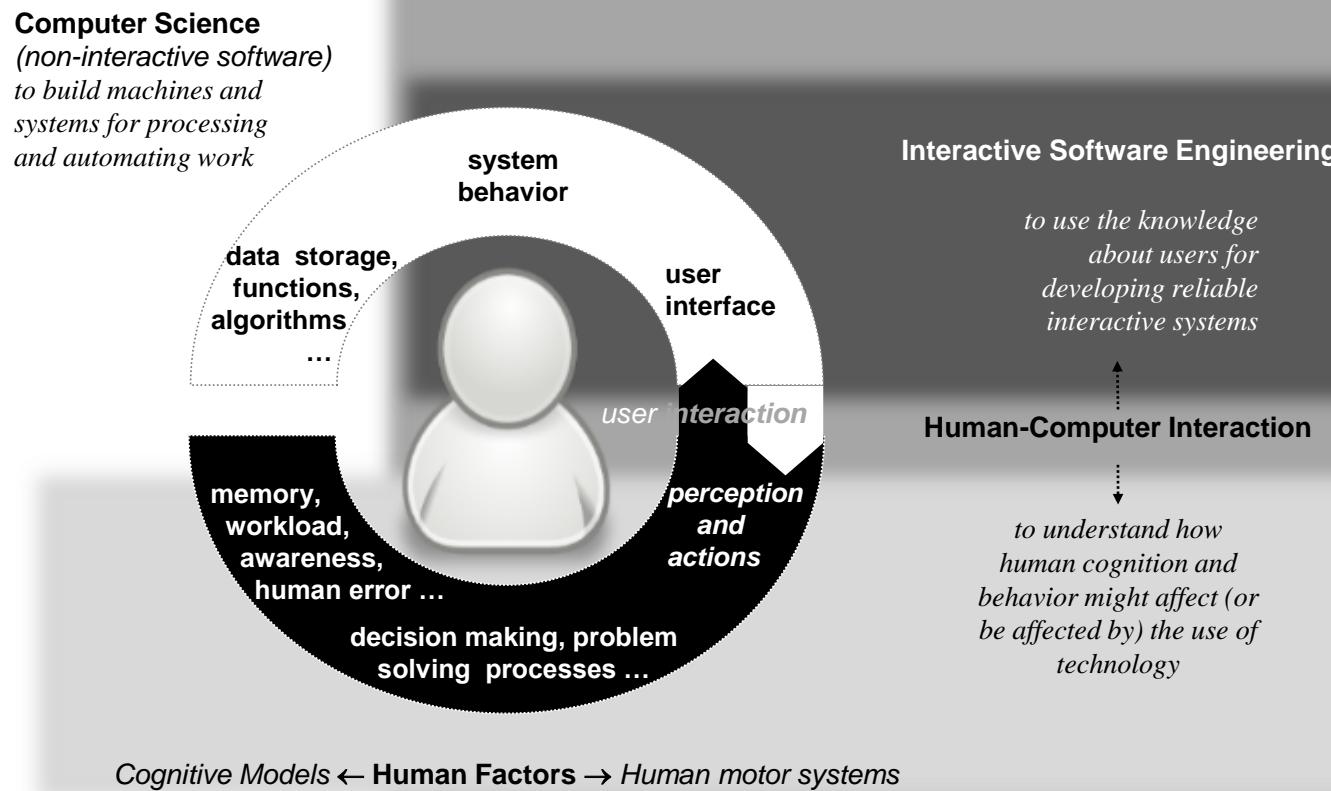

C'est quoi l'IHM / HCI ?

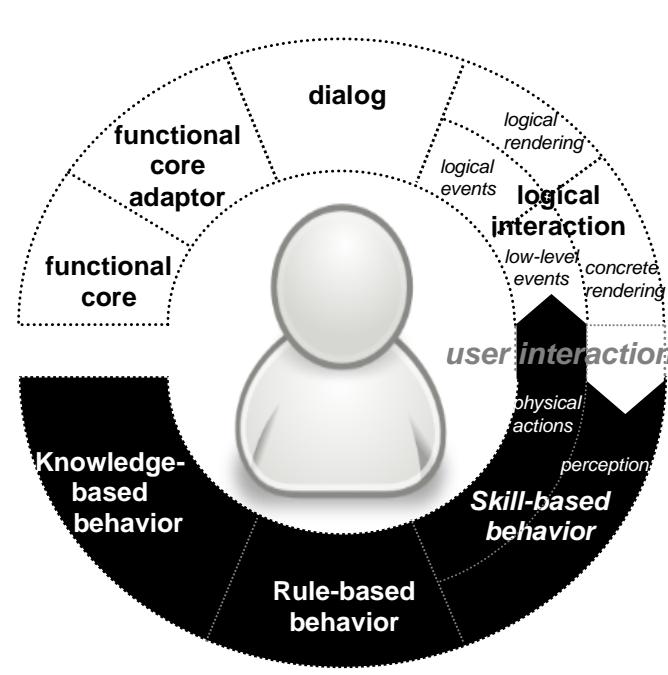

Basics about interactive systems...

The screenshot shows the AFIHM website homepage. It features a large logo at the top left, followed by a navigation bar with links to Accueil, Association, Manifestations, Publications, Subvention, Adhésions, Ressources, and Formulaire membre. Below the navigation is a banner for "Association Francophone d'Interaction Homme-Machine". Underneath the banner, there's a section titled "Présentation" which describes the association's purpose and history. Another section titled "Prochaines manifestations" lists upcoming events, including "17 mars: 3e Journée Interaction Homme-Machine et Intelligence Artificielle", "3-6 juillet: RJC IHM", and "29 août/1 septembre: IHM'17".

The screenshot shows the IHM 2017 conference website. The main header reads "ihm'17 / Poitiers / Futuroscope" and "29ÈME conférence francophone sur l'Interaction Homme-Machine". The date "29 août au 1 septembre 2017" is also displayed. Below the header, there's a "Nouveautés" (News) sidebar with a list of dates and descriptions related to the conference's preparation. The main content area features a large image of a person performing acrobatics against a colorful, futuristic background.
